

MH-MEP | Plastic Crank Handles

Economical • With Pilot Bore

RoHS Compliant

Crank body

Matte black, glass filled nylon plastic

Hub

Steel, zinc plated, molded in

Crank

Revolving handle

Black nylon plastic with zinc plated steel threaded spindle

Both dimensions, inch and metric, are interchangeable

Crank handles MH-MEP are of modern design.

Together with the zinc plated steel hub and plastic revolving handle with zinc plated steel spindle, this assembly is rust free.

Maximum heat resistance of nylon plastic crank body: 110°C (230°F).

Metric Table

Dimensions in: millimeters (*inches*)

Part Number	G	L ₁	d Pilot Hole	A	D	H	E	B	C	L ₃ Ø	L ₄	n Thread
6384020	65 (2.56)	87 (3.43)	4 (.157)	18 (.71)	27 (1.06)	33 (1.30)	10 (.39)	30 (1.18)	16 (.63)	21 (.83)	50 (1.97)	M6 x 1.0
