

1500 bar Harness Components

**DATA
SHEET
TDS 602**

These 1500 bar working pressure assemblies are designed for use with TITAN 1500 bar system tooling, pumps and hose. They are delivered fully assembled with self sealing quick connect couplings for fast and clean operation. The quick connectors are fitted with BLUE colour coded dust covers. Each assembly is filled with oil and pressure tested prior to despatch. Test certificates are provided. All assemblies are marked with serial numbers for identification. These assemblies conform to the requirements of the European Pressure Equipment Directive and are CE marked.

Special assemblies can be made to your specified requirements. Please send details of your requirements for a fast response.
