RAPID-TORC

BIG NUTS - BIG TOOL

WWW.RAPIDTORC.COM

Rapid-Gun ™ Pneumatic air wrench

Réduction du temps, réduction des coûts, augmentation de la sécurité.

Technical details:

- Produce torques in excess of 6.800 Nm / 5,000 ft.lbs
- Best combination between Air Motor & Gearbox Technologies.
- Highest power to weight ratio of any tools on the market.
- Minimize downtime with tooling designed to last.
- Soft Start trigger.
- Release to stop safety option.
- Ergonomical designed.
- Lightweight & non-impacting.
- Tooling accuracy guaranteed with +/-5%.
- Forward & Reverse control Switch.
- Delivered with standard reaction arm, customized reaction systems. available on demand.
- Easy access to difficult bolts even when Long Studs.
- Customized Offset gearbox available for confined area.
- Noise level below 75 decibels - No risk for Operator
- Vibration level below 2.5 m/s^2 - No risk for Operator
- No vibration claims and No Downtime
